### **NOTICE OF ALLOWANCE**

1. Claims 1-22 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest a step wherein information contained in the (generated) metadata includes a characteristics of the entered data; and wherein the system performs subsequent processing of the entered data based on the characteristic and wherein the metadata is progressively generated and is constituted by metadata being generated in conjunction with the presentment of each of a plurality of the various user interface screens during the progression of a form flow.

The Paperniak patent reference teaches dynamically or progressively gathering data from one or more sources (Col. 12, Ln. 2-16) and also teaches keeping metadata current (Col. 21, Ln. 7-10), however the Paperniak reference does not teach or suggest that the metadata is constituted by metadata being generated in conjunction with the presentment of each of a plurality of the various user interface screens during the progression of a form flow.

The EchoEcho.com non-patent reference teaches generating metadata regarding the validity of user input, however, there is no teaching or suggestion in this reference that the metadata is constituted by metadata being generated in conjunction with the presentment of each of a plurality of the various user interface screens during the progression of a form flow

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

US Patent Application Publication 2006/0167735 is directed towards a method for customer service processes and US Patent Application Publication 2007/0118554 is directed towards a system and method for authoring multimedia.
